# Set the scene

It wouldn't be a party without some bunting, after all. This origami heart one is made from old Boden catalogue pages (just try not to get distracted re-reading them).

You'll need  
six-to-ten  
hearts

Bonus points  
for matching  
sunnies

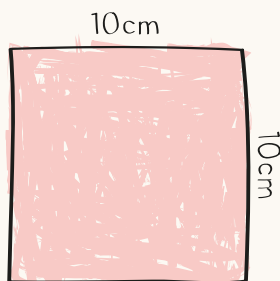

# Heart bunting

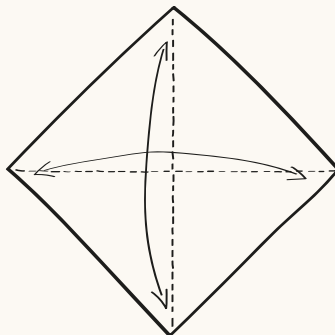

## What you'll need:

1. Old Boden catalogue (or coloured paper)
2. Scissors or safety knife
3. Glue
4. String
5. Ruler

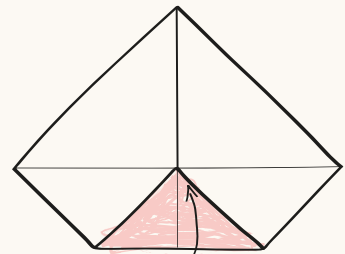

## What to do:

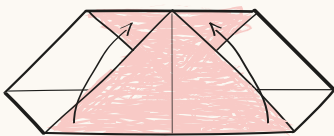

1. Cut a square about 10cm x 10cm from the catalogue, making sure you pick a nice colourful section.

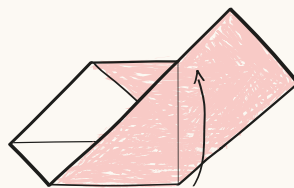

2. Place the printed side down and turn diagonally. Fold each corner over in turn to create an X shape.

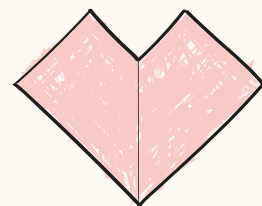

3. Fold the bottom point to the middle fold line.

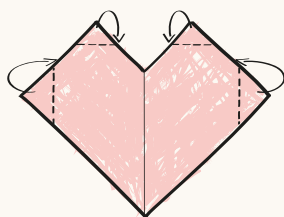

4. Rotate the paper and fold the opposite point to the bottom edge of the paper.

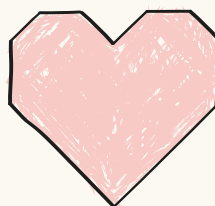

5. Fold in the bottom edge along the central seam of the paper.

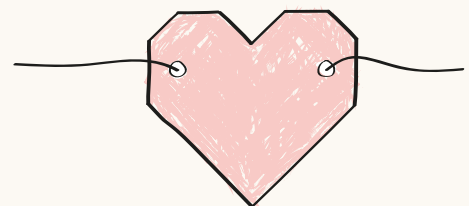

6. Repeat on the other side. You should be able to see the heart shape now.

7. To soften the edges, fold the sides and top points in a small amount.

8. Stick all the loose bits down.

9. Make a hole on each side of the heart and thread all your hearts on a piece of string. Hang in pride of place.

# Decorate the table

Make sure you leave space between all the cakes  
for your lovely paper flower decoration.  
Pop it in a vase or jam jar (no water needed).

Colour in plain  
paper if you need  
extra green

| 1. Old Boden catalogue<br>(or coloured paper) | 2. Thin card | 3. Pencil |
|   | 4. Scissors  | 5. Ruler  |

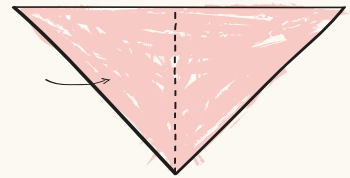

To make a flower:

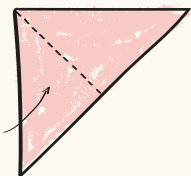

1. Cut out a 6cm square from the catalogue.

2. Fold diagonally in half.

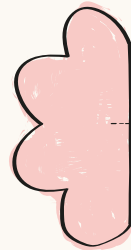

3. Fold in half again.

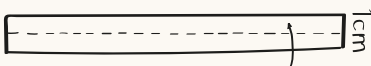

4. Repeat and fold one more time.

5. Draw a curved petal shape and then cut it out.

6. Unfold the paper until it's just folded in half and then cut a small slit in the middle.

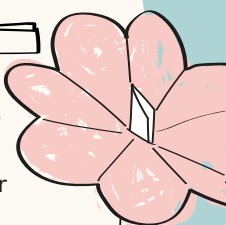

7. For the stem, cut a long piece of thin card, about 1cm wide and as long as you'd like the flower to be. Fold in half down the middle.

8. Cut the end to a point and then make a small cut slightly below, half way across the open edge.

9. Fold back two triangles where you have made the slits. Thread the flower onto the stem.

To make a leaf:

1. Draw out a leaf shape with a long stem as shown.

2. Fold in half almost to the tip of the leaf.

3. Arrange in a jar with your flower and admire.

# Get the guests ready

Now everything else is sorted, make a crown or tiara for everyone (even teddy) and have a royally fun time.
